## ValveWorx Extra (EVWX)

ValveWorx EVWX

ETTER Engineering's ValveWorx line of standardized Valve Trains were created to bring any piece of equipment up to the standards of NFPA-86. They come in a variety of sizes to ensure compatibility with the majority of Industrial equipment in use today. Designed for retrofit applications, ETTER's ValveWorx Valve Trains provide for safe, efficient operation at a variety of price points.

### Extra (EVWX) Highlights Include:

- Sizes available from 3/8" NPT to 6" Flanged (may be limited to 3" for standard products)
- Designed for installations where fuel delivery and control systems are already in place
- All components are UL-Approved
- Regulated Only
- Includes a Y-Strainer to ensure the long life and lasting performance of your equipment.
- Leak Tested and Operationally checked
- Fast lead times

### ValveWorx Extra

**ValveWorx Extra (EVWX):** The most advanced Valve Train in the ValveWorx family.

### The ETTER Advantage:

ETTER Engineering has been building Industrial Valve Trains since 1940! During that time, we have seen many changes come about, and have always kept up to date with the latest iterations of the NFPA-86 code.

Our Valve Trains arrive pre-piped and wired, requiring minimal installation time and effort. We are known throughout the Process Heating and Combustion industries as a recognized expert, and provide unparalleled support. Our Service Department is always available to assist in installation of maintenance of any ETTER ValveWorx product.

**Call us today at 860-584-8842 to purchase your ValveWorx Valve Train!**
